After a brilliant debut of the Basel platform in NY with VOLTANY, the engines will not stop until next landing in June in Switzerland. VOLTA, the cutting edge art fair, brings several positions in new and emerging art from 63 galleries around the world. The ULTRA BRAG facility at the Basel harbour is the place to be this next June during the Basel Art Week.

VOLTA's debut past March in the New York Armory Week acknowledged an overwhelming feedback, and brought the Basel platform to consolidate overseas. Now, a few weeks after VOLTA announces the exhibitor list for the 2008 Edition, which will take place at the ULTRA BRAG premises in the Basel Harbour for third time.

As already usual since 2006, VOLTA has been helped by its Curatorial Board to guarantee an independence of the choices. The members of the VOLTA Curatorial Board are **Christoph Doswald**, Art Critic, **James Elaine**, Curator, Hammer Projects, **Francesco Manacorda**, Curator, Barbican Gallery, **Chus Martinez**, Director, Frankfurter Kunstverein, and **Jasper Sharp**, Curator and Writer.
